

TECH STAGE, YOUR PRESENTATION PLATFORM AT FRUIT LOGISTICA

YOU PRESENT YOUR PRODUCT, WE TAKE CARE OF THE REST!

- Available exclusively to exhibitors from the machinery and technology sectors
- “Ready-to-present” forum with all necessary technical facilities
- Your event publicised in the official FRUIT LOGISTICA Event Calendar
- You determine the content of your presentation and the choice of speaker

The FRUIT LOGISTICA Tech Stage is an open format forum in the exhibition halls with free access for all visitors. Your presentation will be publicised in the official online FRUIT LOGISTICA event programme, in a press release, and at the exhibition itself. We recommend you supplement this with personal invitations, press/banner advertisements and your own campaign. Reserve a timeslot now to take advantage of the all-inclusive Tech Stage Package.

Timeslots

Timeslots of one hour duration with an extra 15 min. for set up are available during the exhibition from 10.00–17.00 hrs (see order form).

Eligibility

Exhibitors and co-exhibitors from the official product groups 205-265, 310-330, 350, and 410-430 only (machinery and technology) may take advantage of this special offer.

Closing date for registration

1 December 2017
